KESIMPULAN DAN SARAN

Kesimpulan dan saran ini merupakan hasil dari penelitian untuk mengetahui Pengaruh Pemanfaatan *Web site* terhadap Citra Universitas Kasus pada Mahasiswa Atma Jaya Yogyakarta Angkatan 2006. Kesimpulan yang diperoleh dari hasil penelitian yang dilakukan dan saran akan diuraikan sebagai berikut :

A. Kesimpulan

1. Hasil analisis Regresi Linier menunjukkan bahwa variabel pemanfaatan *web site* mempunyai pengaruh signifikan terhadap citra universitas. Hal ini dapat diartikan, jika pemanfaatan *web site* meningkat, maka citra universitas juga akan mengalami peningkatan yang signifikan.
2. Hasil analisis model jalur menunjukkan koefisien hubungan langsung lebih besar dari koefisien hubungan tidak langsung, maka dapat disimpulkan bahwa hubungan yang sebenarnya adalah langsung dengan kata lain pemanfaatan *web site* berpengaruh terhadap citra universitas tidak melalui kepuasan mengakses *web site*

B. Saran

1. Akademik

- a. Pentingnya fungsi media *web site* dalam sebuah organisasi adalah membangun citra organisasi. Oleh sebab itu keberadaan media *web site* perlu lebih lagi dimanfaatkan oleh setiap departemen yang ada dalam universitas untuk menyampaikan informasi yang berguna bagi mahasiswa.
- b. Peneliti juga memberikan masukan kepada peneliti selanjutnya untuk dapat mengembangkan penelitian ini. Sehingga akhirnya penelitian selanjutnya menjadi lebih kaya.

2. Praktis

- a. Bagi instansi UAJY, agar dilaksanakan sosialisasi yang bersifat kontinyu dan konstan mengenai penggunaan media *web site* di seluruh kampus UAJY. Sosialisasi ini bertujuan agar semua mahasiswa dapat lebih mengenal dan memanfaatkan *web site* universitas untuk mengakses informasi-informasi yang ada pada *web site* tersebut.
- b. Untuk meningkatkan intensitas pemanfaatan *web site* oleh mahasiswa maka informasi-informasi yang ada pada *web site* perlu lebih sering diperbaharui (*update*) misalnya: informasi beasiswa. Jika dapat, UAJY perlu mengadakan KRS *online* sehingga media *web site* universitas bisa lebih berdaya guna dibanding sebelumnya.

- c. Selain itu fasilitas-fasilitas di dalam *web site* dapat dilengkapi lebih lagi. Contohnya seperti penambahan aplikasi *messenger*, sehingga sesama mahasiswa UAJY dapat saling berkomunikasi dengan mudah.
- d. Desain, tulisan, *lay out* bisa dibuat lebih atraktif lagi sehingga tampilan *web site* secara keseluruhan menjadi lebih menarik. Selain itu beberapa menu yang belum diisi oleh beberapa departemen agar dapat diisi sehingga citra UAJY di mata mahasiswa semakin baik.
